

SA8000 Workshop

Introduction and Basic Training

In cooperation with

Date: March 30 to April 3, 2009
Place: Hamburg

Workshop

Goal of the Workshop

The five-day SA8000 Introduction & Basic Training Course trains auditors and professionals from a wide range of backgrounds and interests. The Course provides practical knowledge on the main issues of social auditing and performance, using the SA8000 management systems approach.

It provides training in:

- Key concepts and background on social compliance in the supply chain and social auditing
- Understanding the elements of the SA8000 standard
- Review of common compliance problems and possible solutions
- Effective auditing techniques related to each social compliance element.
- Effective methods for managing risk in a facility or across a whole supply chain

Program overview

Day 1

- Social compliance and basic information on the SA8000 compliance system.

Day 2

- SA8000-audit process
- Overview on major and minor non-conformities with special focus on child labour, forced labour and health & safety issues.

Day 3

- Virtual factory tour
- Role play interview techniques.

Day 4

- Working hours
- Remuneration
- Control of subcontractors and
- SA8000 worker and manager representatives.

Day 5

- Review previous days' material and discussion
- Auditing and accreditation: tips and business issues
- Role play
- Review for exam and final exam
